

Supply List

Maples and Aspen (Half-day Class – 3 Hours)

2-3 Glue sticks for paper – Elmer’s works great, try to avoid the kind that goes on purple and dries clear.

1 yard paper backed fusible web, Wonder Under/Steam a Seam, avoid Heat and Bond
LARGE rotary cutting mat (beg, borrow or steal one!) NOTE – *there will be a couple available*

Rotary cutter – make sure it is sharp

A hunk of old batting – doesn’t need to be bigger than say 15 x 30 inches, it will be used to pad the patches as we glue

Sharp scissors – smaller ones work best, they should be easy to use when making lots of small cuts. (I don’t like using a big Gingher scissors for cutting!)

Iron and board – the class can share these

Kits - Supplied by the teacher, cost is \$17. Fabrics will vary!

NO Sewing machine necessary!!

Description

This is a very fun, 'freeing' class and introduces easy techniques for students wishing to add something extra special to their landscape quilts. We start with making a very simple landscape on a whole cloth background. From there we learn how to shade and highlight tree trunks and branches using fabric dye markers. (I provide all the markers). Your fingers will get sticky, messy and stained; don’t wear nice clothes if you wipe them on your pants like I do! ☺
