

Ultimate Travel Bag Supply List

Before coming to class, purchase the following:

- pattern,
- all the fabric,
- fusible foam batting (the one that is wider than 22 inches)
- purse hardware

The pattern, batting, hardware and zippers may be purchased through byannie.com or check with your local quilt shop.

Webbing was not used for the strapping. Strapping may be made from coordinating fabric, and if you choose to do so you will need 1/4 yard more and interfacing for that also.

Pre-class preparation: You will need to quilt your fabric as instructed on page 2 of the pattern. You do not need to cut into specific pieces ahead of class, but you may do so. You will be shown techniques for cutting the longer pieces.

Please bring some

- heavy duty pins,
- your machine's walking and zipper foot,
- at least 50 or 60 wt thread,
- marking tools,
- basic sewing basket goodies,
- rotary cutter, mat, ruler(s)
- Don't forget your sewing machine
